Education Day

MOWMA/OWSIM hosted an Education Day in Winnipeg on January 25.

Twenty people attended the education day to learn about upcoming regulatory changes, installing with chambers, designing pressure distribution systems and sizing pumps.

Derek Smith from Manitoba Sustainable Development provided a presentation on the importance of soils evaluation in system design and discussed the need for a soils evaluation course for contractors in the Province. Following Derek's presentation participants worked through three different pressure distribution scenarios for fields and mounds.

Thank you to EMCO and Infiltrator Water Systems for sponsoring this event!

2019 Membership Renewals Have Been Released!

It's that time of year again! Invoices and renewal information for your annual memberships have been sent out in the past few weeks.

We hope you will continue to support your industry association by renewing your membership for 2019. Some of the things we have in the planning stages:

- Mound Installation Field Training in Spring 2019 (once the frost is out of the ground)
- Site and Soils Evaluation training in Spring 2019 (once the frost is out of the ground)

Members receive reduced rates on all training opportunities!

If you have suggestions for workshops or training opportunities, please let us know. You can contact Rudy in the office by email at admin@owsim.com or by phone at 204-771-0455.

Advertising & Sponsorship Opportunities

Did you know that there are plenty of opportunities to support your industry organization and promote your business? We have options for a variety of price points.

Contact our office today to sponsor a training event, or advertise in this newsletter, or our upcoming printed magazine. For more information, call us toll free at 1- 855-872-2659.

Locate-A-Pro-Listings - Is Yours Up-To-Date?

The MOWMA website features a Locate-A-Pro tab where our members are listed by the type of work they do, and the region they work in. This is an excellent resource for those looking for their services. For homeowners it is a great way to find an installer, planner or maintenance provider; for those working in the industry it's a great place to find a manufacturer or supplier.

If you are a member of MOWMA, you should be listed in Locate-a-Pro. Why not take a minute to review your listing? If you see any errors, please let us know so we can ensure your listing is up-to-date.

Request for Articles

The association is sourcing articles for publication in our WCOWMA family of newsletters, and our printed magazine. Newsletters are published monthly, and magazines are published twice per year. Both include information, news and events from each Western province.

Articles submitted may be on any topic relevant to our membership and stakeholder group, such as those related to wastewater, septage and the onsite wastewater industry. Article length should be between 200 to 500 words for the newsletter and 800 to 1,500 words for the magazine. In both cases the article should be research or case study based. Relevant pictures are welcome; a photo release may be required. Promotional articles or those that are heavily proprietorial are considered advertorial and are subject to advertising rates. These will be identified in the publications as advertorials.

Banner and feature advertising is also now available in our newsletter – please contact the association office more information.

WCOWMA newsletters and magazines are distributed to over 5000 onsite wastewater stakeholders across Western Canada.

Articles may be submitted to info@wcowma.com. The deadline for each newsletter is the 15th of each month. Articles submitted may be published immediately or held for future publications.

MOWMA E-Newsletter

Interested in having the MOWMA newsletter delivered right to your inbox? No longer wish to get our faxes? Contact our office at 1-855-872-2659 today, and we can update our records.
