

Manitoba Onsite Wastewater
Management Association

September 30, 2019

Septic Awareness Week

Earlier this month people from across the western provinces came together to participate in Septic Awareness Week, which promoted the proper maintenance of septic systems. rural municipalities, real estate agents, and companies throughout all four provinces shared tips with onsite wastewater stakeholders and homeowners.

Plans to expand Septic Awareness Week activities in 2020 are already underway, in the meantime, information is available on proper operation and maintenance of onsite wastewater (septic) systems from the association office or on our website.

Onsite Installer Certification Course

The Onsite Installer Certification Course is delivered at Red River College. The next session for this course takes place from **September 30 to October 4, 2019.**
